Our Purpose – Why We Created the World Youth Rugby 10s Series

The World Youth Rugby 10s Series was created from a simple belief — that young people deserve access to world-class sporting experiences regardless of where they live. Through international competition, travel, and cultural connection, we aim to broaden horizons, build confidence, and create opportunities that shape young people into capable, resilient, and respectful global citizens.

As an organisation deeply committed to youth development, we recognised the need for a professionally delivered international tournament that prioritises player experience, safety, fairness, and meaningful engagement both on and off the field. The World Youth Rugby 10s Series is our response to that need — a platform where young athletes can test themselves, represent their communities, and grow as individuals.

This tournament is not just about rugby. It is about creating moments that inspire ambition, strengthen character, and build friendships that last a lifetime.

Thank you for choosing to be part of the World Youth Rugby 10s Series.

We are truly grateful for the commitment shown by players, families, coaches, and supporters who have trusted us with this journey. Your willingness to travel, compete, and represent your communities is what brings this event to life. Together, we are creating more than a tournament — we are building friendships, developing young leaders, and delivering experiences that will be remembered long after the final whistle. We look forward to welcoming you to the field and sharing an unforgettable experience together.
